Announcing the 2017 Market Share CSA

GreenLeaf farms this year will as usual be offering the consumer a traditional CSA while additionally offering what is called a Market Share CSA. How is the 2017 Market Share Program different than the traditional CSA? Market Shares are a credit purchased upfront that can be redeemed at our market stands at either the Old Market Farmer's Market or Aksarben Farmer's Market. The consumer will be able to choose the products of their choice from the GreenLeaf Farms stands with the cost being debited from the Market Share balance.

Why buy a Market Share?

Your purchase of a Market Share helps GreenLeaf Farms with their up-front seasonal start-up costs. In return GreenLeaf Farms will offer a discount on your purchase.

How is this done?

When you purchase a GreenLeaf Farms Market Share CSA you will be given a purchasing card. Each time you use your card at the market, the balance on your account will be updated on our computer system.

<u>Purchase Amount</u>	<u>Your Cost</u>
\$250	\$225
\$500	\$425

To purchase your share, please complete and sign the form below and return it with a check to GreenLeaf Farms CSA, 2811 S. 118th St. Omaha NE 68144.
